## WILLS BUILDING CHANGES HANDS

P. Ward Stallsmith Buys Wills Building from Mrs. S. A. Hammond and will Make Extensive Changes. Lincoln Museum.

The business and dwelling block at the corner of Centre Square and York street, known as the Wills or Hammond Building, has been purchased by P. W. Stallsmith from Mrs. Ella K. Hammond, of Denver, Colorado. The deal was consummated this afternoon. The price paid was \$20,000.

Mr. Stallsmith intends to make a number of changes to the interior of the several portions of the property. The room now occupied by the post office will be vacated, it is expected, about March first and will be converted for a business purpose, the nature of which Mr. Stallsmith is not ready at the present time to give out for publication.

The room now occupied by the newsstand will continue to be utilized for that purpose but the other rooms on the first floor of the main section at the corner are to be converted into rooms suitable for suppers, festivals and other affairs of a similar nature. These rooms will be formally opened on the evening of Saturday, February 21, when Gettysburg Chapter, Daughters of the American Revolution, will hold their annual colonial tea.

The room on the second floor, fronting on Centre Square, in which Abraham Lincoln either wrote or revised his famous Gettysburg speech is to be converted into a Lincoln Memorial Museum. It has long been pointed out to visitors on account of its historical associations and now Mr. Stallsmith expects to put it in attractive shape so that it may be visited by all who care to see it.

## GENERAL WAGNER'S WILL

General Wagner's Estate \$237,200  
Widow Chief Beneficiary.

General Louis Wagner's estate has been valued at \$237,200 in a report filed by his executors. His will bequeaths the bulk of the property to his wife and children, while \$1000 is given to the Market Square Presbyterian Church, Philadelphia, of which General Wagner was a leading member, to be added to its endowment fund.

A trust fund of \$2000 was left to the city in the care of the Board of City Trusts, to establish the "Wagner Prizes" at Girard College. General Wagner directed that the income from the money should be used to purchase two gold watches, to be suitably engraved and presented to the person graduating with the highest honors in each of the two classes every year at Girard College.

## OPPOSE LICENSES

Revivals in Cumberland County Town Cause Activity.

The first remonstrance against the granting of a license in Cumberland County came in the form of a letter to Judge Sadler protesting against the illegal sale of liquor to minors at the Hotel Iroquois, New Cumberland. This letter the court has ordered filed with the remonstrances.

It is reported in Cumberland County that there will be remonstrances filed against several other hotels being granted license. In Newville, the religious enthusiasm evoked by the evangelistic meetings, combined with the efforts of societies opposed to the sale of liquor, have led to a petition being circulated against the granting of licenses to the two hotels in that town. This petition has been signed by a number of persons and will doubtless be filed next week.

## VETERAN DIES FROM HARD FALL

Man who Caught General Reynolds as he Fell Mortally Wounded from his Horse on First Day's Field Has Tragic Death.

Ferdinand Koeber, aged 90 years, an inmate of the soldiers' home at Marion, Ind., who was spending a furlough in Lancaster, fell down a flight of stairs at his boarding house and was instantly killed. Koeber had the distinction of being the man who caught General John F. Reynolds, who was shot on the First Day at Gettysburg, as he fell from his horse.

## JOHN H. KEMPER

John H. Kemper, died at the home of his daughter, Mrs. Walter H. Beamer in New Oxford, at 9 o'clock on Monday evening after a brief illness from uraemia aged 64 years, 10 months and 11 days.

He is survived by an only daughter, Mrs. W. H. Beamer with whom he made his home. One brother and one sister survive, Frank Kemper, of Hampton, and Miss Sarah Kemper, of New Oxford.

The funeral was held last Thursday. Interment at Pines Church, Rev. E. E. Dietterich, officiating.

## FUNERAL

The funeral of Charles H. McCleary was held from the Catholic Church this morning. The Kokomo Dispatch in telling of his death said, "He was a genial, companionable man, making friends rapidly and holding them fast. There were many heart-pangs with those who knew him best in learning that Charley McCleary had gone."

## NEW CHAUTAUQUA

Chautauqua in a Hall is the Latest Idea.

The first spring Chautauqua ever attempted will be launched at the close of the present winter. The new departure will be made by the Chautauqua Association of Pennsylvania, in thirty six towns in this state, New Jersey, Delaware, Maryland, Southern New York and Virginia, the territory the association has covered in the past two years. It is the association that puts on the course here.

The towns have already subscribed to the plan, the allotted number of tickets has been sold and the success of the venture from a financial standpoint is already assured.

The first of the weekly series of six spring Chautauquas will open the second week in April. The total number of towns will be covered in the six weeks' limit. Then, after a respite of two weeks, the regular season will begin.

A new feature of the spring meetings will be the elimination of the time-honored Chautauqua tent. The weather will be too cool for the use of canvases so suitable halls will be engaged.

## SAVED DEER

Had no Gun and Could not Kill the Dogs.

George Bonner, Biesecker's Gap, saved a tired deer from the attacks of dogs, Friday. A big 10-prong buck, that had been browsing in a field near Tomstown, was chased by dogs over into the gap. The chase was a hard one and the deer, when discovered by Mr. Bonner, was so exhausted that it lay down. Mr. Bonner drove the dogs away and, after the deer had recovered from its run, it was turned toward the mountain, Mr. Bonner following it.

Mr. Bonner did not have a gun and could not kill the dogs as he wanted to do. Dogs are running many deer in the mountains and it is the hope of all who are interested in the preservation of the deer, that an effort will be made to kill them and make the woods safe for the deer.

## NEW BUILDING READY MARCH 1

Expect New Post Office Building to be Ready for Occupancy at that time. Interior Marble Delayed Finishing the Lobby.

The prediction made some months ago that the new post office building would be ready for occupancy before March first is to be fulfilled, according to the expectations of those who have charge of the work at the structure.

For several weeks work was delayed by the failure to receive a large portion of the marble for the interior. This includes much of the fine stone to be used on the main staircase and as wainscoting about the lobby. Word has now been received that this marble was shipped last week and it should arrive the latter part of this week or the beginning of next. The elaborate bronze work is being put in place by an expert bronze worker and this is now nearing completion. Some bronze has also been placed on the exterior of the building where it attracts no little attention.

There has been much speculation concerning the three large letters "POC" on the cornice of the building which have been there for a month or more. From the street it cannot be told whether they are painted on the stone, whether they are permanent or just what is the purpose of the entire proceeding. The letters are put on with material easily removed and are simply to indicate the style of letter to be used in the carving of an inscription on the cornice some time later on. They were put there and photographed for the approval of the supervising architect at Washington. They are said to have no peculiar significance in themselves but some one has suggested that they may mean "Paid out of Congress".

Postmaster Beales' term of office expires on March third but it is said to be probable that he will have at least a few weeks in the new building. The structure is complete in every detail but the regulations regarding no visiting during working hours have, up to this time, kept out many who would have enjoyed visiting the building. After its final completion and opening, however, it is expected that an opportunity will be given all to view the interior and all its beauties and conveniences.

The force at the office are looking forward with considerable trepidation to the task of moving from their present quarters to the new building but they are also taking into consideration the fact that there is no furniture to be moved, a fact which will help not a little. The new building will have all new lock boxes and practically nothing except the safe, books and papers with some other minor articles will have to be moved. Nevertheless, it will require some days to get things working smoothly after changing locations and the force doesn't view the inconvenience with particular delight.

## ARE MARRIED BY MANY MINISTERS

Miss Maude Fahs and Rev. C. G. Aurand, well known in Gettysburg, are Married at Tyrone. Seven Ministers Take Part.

A minister's daughter married to a minister by seven other ministers, and all of them well known in Gettysburg is the story of a wedding that took place at Tyrone to-day.

The bride and groom were Miss Maude Fahs and the Rev. Charles G. Aurand, pastor of the Grace Lutheran church in West York. Miss Fahs attended college here for several years, and Rev. Mr. Aurand is a graduate of both college and seminary.

The ceremony was performed in the First Lutheran church at Tyrone, at 9:30 a. m. The seven officiating ministers were the Rev. W. H. Fahs, the Rev. Dr. C. M. Aurand, former pastor of Temple Lutheran church, Altoona, who just resigned to follow literary pursuits, and father of the bridegroom; the Rev. C. H. Nicholas, Mechanicsburg, the Rev. J. C. Nicholas, of the First Lutheran church, of Butler; the Rev. Charles Nicholas, of First English Lutheran church, of Pottsville; the Rev. Harry C. Michael, St. John's Lutheran church, Northumberland, and the Rev. W. H. Nicholas, of the First Lutheran church, Springfield, Ill., all relatives of the contracting parties.

Counting the bridegroom there were really eight ministers participating in the ceremony.

## AFTER YORK OFFICE

Congressman Brodbeck Asked to Accept Compromise.

With about 30 candidates in the field for appointment as postmaster, a party of York Democrats conferred with Congressman Brodbeck as he was about to leave for Washington on Monday, and urged him to name George M. Bollinger, recently defeated for nomination to the office of County Controller, as a "dark horse" candidate.

Congressman Brodbeck, who had been considering strongly the appointment of his private secretary, Clarence A. Geesey, expressed willingness to take the new candidacy under serious consideration, his aim being to cement the various factions of the party. He intimated that his choice will be made known within 48 hours.

A meeting of Democrats was then held to ask Geesey to withdraw as a candidate.

There are many other aspirants, notably ex-Congressman E. D. Zeigler, Deputy Recorder Walter F. Krone, ex-Fire Chief George S. Kroll, J. Calvin Strayer, William Smith Heiges, W. G. Strine, Rev. J. Livingstone Smith, Walter W. Van Baman, John M. Thompson, Charles F. Zullinger, E. D. Bentzel, H. Samuel Hays, ex-Judge John W. Bittenger, Norman E. Allison and others.

## BUSINESS CHANGE

Harry Gotlieb to Leave Gettysburg. Sells out Business.

Harry Gotlieb, a resident of town for the past four years, has sold the business of his shoe repairing establishment on Chambersburg street to A. H. Butt and will go to Baltimore on Friday intending to open an electric shoe repairing establishment at 900 Argyle street, where he says he will be glad to have his Gettysburg friends visit him. Mr. Butt will continue the shoe repairing shop at the present stand.

## LETTER FROM WARM FLORIDA

Rev. B. F. Lightner Writes of his Experiences in Florida where he is Spending the Winter Months. Tells of Prospects.

Rev. B. F. Lightner, of East Middle street, is spending the winter in Florida and writes to The Times an interesting letter. He says:

"I thought a description of Florida might be interesting to the readers of The Times. The state of Florida is fast coming to the front. Of course there are some parts of it not desirable at all, but there is a large part of it very fine land. We are at present at Bartow, Florida. Land is selling here from \$20 to \$40 per acre.

"There are a few things here you want to look out for and one of them is the land shark. The stranger comes here from the north, and the first thing he does, after he looks around he loses his head, he sees the large groves and fine truck farms, and he is ready to buy land and not consider what it costs to get these groves and farms. The facts are that the papers are full of groves and farms for sale. One acre will produce in cabbage from five to eight hundred dollars and they tell me the best paying crop is squash which would probably yield a thousand dollars an acre.

"I was in one cabbage field of twenty seven acres; 12 to 15 men were planting it, and it took about 22500 plants. They plant in rows about like corn and cultivate like corn. They sow one thousand pounds of phosphate to the acre. We are stopping with H. J. Shallenberger. He and his partner, Mr. Conner, have a seventy acre grove. Last year they had about 20,000 boxes. I have been informed that it costs about fifty cents per box to produce pick and land on cars. I was told one man sold his cabbage crop for \$20,000.

"Then there are thousands of acres not worth anything but for turpentine, which is an extensive business here through Florida. I have been told that the wealthiest men in Florida made their money in the turpentine business. You hear so much about the mosquitoes in Florida, but here they are so scarce you seldom see any. The climate is all that could be desired.

"There are plenty of fish down here. If Eddie Stahl at the P. & R. were here there would be some "big fish" stories around the Railroad office. We were fishing one day and caught about three dozen fine fish.

"Cattle are small. Mostly mules are used, horses about the size of Mustang ponies, and the hogs are great. They call them razor-backs, and I think they are well named. In some parts of Florida they brand them and turn them out, then they go out on horse-back and shoot them, and bring them home. We saw them come home with a few on a wagon."

## BUSY WAYNESBORO

Busy Times for Employees of Emerson-Brantingham Co.

It was announced Monday at the Emerson-Brantingham Company's shops in Waynesboro that beginning with Monday, January 26, it is expected all departments will start working full time from 7 a. m. to 6 p. m. For some time past there has been a small force of men employed in the various departments. When every department is working its full quota of men about 1,100 are employed. A large foreign order has been received by the company and it is believed by those familiar with the affairs of the company that the shops will be kept very busy for the next six months. The machinery for this order is peculiarly the product of the Waynesboro factory.

**Clogged Nostrils Open At Once,  
Head Colds And Catarrh Vanish**

In One Minute Your Stuffy Nose and  
Head Clears, Sneezing and Nose  
Running Cease, Dull Headache Goes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to  
try it—Apply a little in the nostrils  
and instantly your clogged nose and  
stuffed-up air passages of the head  
will open; you will breathe freely;  
dullness and headache disappear. By  
morning! the catarrh, cold-in-head or  
catarrhal sore throat will be gone.

End such misery now! Get the small  
bottle of "Ely's Cream Balm" at any  
drug store. This sweet, fragrant balm

dissolves by the heat of the nostrils;  
penetrates and heals the inflamed,  
swollen membrane which lines the  
nose, head and throat; clears the air  
passages; stops nasty discharges and  
a feeling of cleansing, soothing relief  
comes immediately.

Don't lay awake to-night struggling  
for breath, with head stuffed; nostrils  
closed, hawking and blowing. Catarrh  
or a cold, with its running nose, foul  
mucous dropping into the throat, and  
raw dryness is distressing but truly  
needless.

Put your faith—just once—in "Ely's  
Cream Balm" and your cold or catarrh  
will surely disappear.

## D. & H. STRIKE IS SETTLED

Company Agrees to Reinstate  
Two Discharged Men.

### STRIKERS GO BACK TO WORK

Walkout Had Tied Up the Railroad and  
Threatened to Force Thousands of  
Others into Idleness.

Albany, N. Y., Jan. 20.—The strike  
on the Delaware & Hudson railway  
was settled last night.  
Company officials met the unions'  
demand that they restore two dis-  
charged employees, Engineer James A.  
Lynch and Conductor F. A. Slade, to  
their former positions.

All the strikers returned to duty at  
once. G. W. W. Hanger, a member  
of the federal board of mediation and  
conciliation, brought about the agree-  
ment.

The strike order was issued to ev-  
ery union engineer, fireman, con-  
ductor, trainman and telegrapher at  
work along the line from House Point,  
N. Y., to Wilkes-Barre, Pa. The cause  
of the strike was a dispute over the  
discharge of two employees.

The men's grievance date back more  
than a year. They assert that the  
company officials laid off one repre-  
sentative of each brotherhood. Company  
officials say the men were discharged  
because they disobeyed rules. The men  
assert they were given verbal orders  
by subordinate officers which conflict-  
ed with the company's rules, and that  
by obeying the orders they of neces-  
sity had to infringe upon the rules. The  
cases of three men were amicably  
settled. The other two resulted in the  
present strike.

Crews brought their trains to termi-  
nal points, took their engines to the  
round houses and went to their homes,  
to await the result of a conference be-  
tween union leaders and officials of  
the company. Mediation from both na-  
tion and state had been requested by  
the company. G. W. W. Hanger, of  
the federal board of mediation and  
conciliation, telegraphed to Martin W.  
Carey, in charge of the strike, but  
Carey replied: "The die is cast. Only  
the concessions we ask will bring  
about a settlement."

### ARBITRATION WAS OFFERED

Company Says It Is Unfortunate If  
Matter Cannot Be Adjusted.

New York, Jan. 20.—A statement is-  
sued at the New York office of the  
Delaware & Hudson railroad offers to  
submit to federal arbitration the is-  
sues between the railroad and the 5000  
employees who went on strike.

The statement reads as follows:  
"To avoid the serious consequences  
of a strike to the public, this company  
has reached the conclusion that it  
ought to go so far as to offer to sub-  
mit the question of discipline to arbi-  
tration. Consequently it has called on  
the federal board of mediation and  
conciliation, and Mr. Hanger, of that  
board, is now in Albany to use his  
good offices to adjust the question at  
issue."

"In these days and in view of the  
legislative machinery of the nation  
and state, some of it at least, passed  
at the solicitation of the railroad em-  
ployees, as well as the railroads, it  
would be most unfortunate for all par-  
ties, as well as for the public, if an ad-  
justment of this matter could not be  
brought about."

The statement is prefaced with the  
declaration that enforcement of disci-  
pline had caused the men to go out.  
In explanation it was said that in  
June, 1913, F. A. Slade, a freight  
conductor, and J. A. Lynch, an engine-  
er, hauled a derailed freight car  
three and a half miles, doing much  
damage to the railroad's property.  
They were discharged not only for  
this, the statement said, but because  
their records were not good. The road  
refused to reinstate them, at the uni-  
on's demand, because of their records.

### TIE-UP WAS COMPLETE

5000 Miners May Be Thrown Out of  
Work by the D. & H. Strike.

Wilkes-Barre, Pa., Jan. 20.—The  
Delaware & Hudson railroad was com-  
pletely tied up at this end of the road  
by reason of the strike.

The Lehigh and Pennsylvania rail-  
roads will transfer their passengers  
for points in New York state over the  
Lackawanna & Wyoming electric road  
to Scranton, where they will take  
trains on the Delaware, Lackawanna  
& Western for their destinations.

The most serious part of the tie-up  
is the fact that unless there is a  
prompt resumption of traffic all the  
mines of the Delaware & Hudson com-  
pany in the vicinity of Wilkes-Barre  
will have to suspend operation, throw-  
ing out of work at least 5000 more  
men, and coming at this time, when  
there is an extra demand for coal,  
makes the situation extremely criti-  
cal.

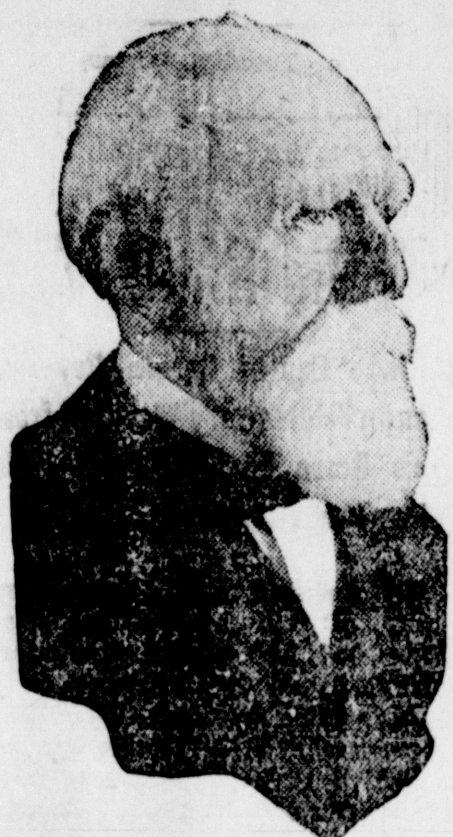

### Wilson Against "Riders."

Washington, Jan. 20.—President  
Wilson let it be known that he would  
veto the postoffice appropriation bill  
if it reached him with the two "riders"  
attached which exempt assistant post-  
masters from the civil service rules  
and take on the \$25,000,000 Shackleton  
good roads plan.

### JAPAN AGAIN SHAKEN BY SAKURA-JIMA

Volcano Renews Eruption and  
Earthquakes Follow.

Kagoshima, Japan, Jan. 20.—Fresh  
eruptions of the volcano of Sakura-  
Jima, which recently caused such  
widespread devastation, occurred.  
They were accompanied by earth-  
quakes and violent subterranean  
noises.

The governor of Hokkaido estimates  
that about 300,000 persons on the is-  
land of Kushiu will need relief and  
that about \$2,500,000 will be required.

The disturbances came at a time  
when it was believed that all danger  
had passed. As a matter of fact, the  
work of rehabilitation was fairly un-  
der way, and now it is not deemed  
advisable to proceed further with the  
work until there are final assurances  
that there will be no additional erup-  
tions or earthquakes.

A graphic narrative of the eruption  
and earthquakes which devastated the  
island of Sakura is given by Theodore  
R. Hoyer, of Wisconsin.

"The volcano of Sakura-Jima at the  
beginning of the eruption resembled  
a Niagara of fire from which masses  
of molten stone were hurled long dis-  
tances. During the night of Jan. 14 a  
loud explosion was heard, followed by  
a flash of flame and a cloud of ashes  
rising many thousand feet into the  
air."

"Beneath the cloud of smoke and  
ashes broad streams of lava could  
be plainly seen flowing down the  
slopes to the sea. The forests on the  
mountain sides quickly caught fire  
and the flames spread to the houses  
of the numerous little villages nearby.  
The entire western coast line of Sa-  
kura seemed to be ablaze and a strong  
wind carried smoke, gas and the hot  
ashes straight to the mainland."

"From Kagoshima, three miles  
across the bay, people fled in panic-  
stricken crowds, many of them de-  
scending the steep sides of the Shi-  
royama mountain and looking back from  
there in terror on the scene."

### JOB FOR JOHN MITCHELL

Labor Leader Slated For Immigration  
Commissioner at New York.

Washington, Jan. 20.—John Mitchell,  
second vice president of the American  
Federation of Labor, will probably be  
the next commissioner of immigration  
at New York.

It is expected that the president  
will announce the appointment of a  
commissioner within the next few  
days. From the best information ob-  
tainable, John Mitchell will be the  
man selected.

It is understood that Mr. Mitchell  
has the backing of Secretary of Labor  
Wilson for the position, as well as the  
American Federation of Labor. The  
position pays \$5500 a year.

Girl Helped Man to Murder Mother.

Galesburg, Ill., Jan. 20.—Robert  
Higgins confessed to the murder of  
his wife three weeks ago. He im-  
plicated his fifteen-year-old step-daugh-  
ter, who told her story of the conspir-  
acy to murder Mrs. Higgins to the  
county officials here.

Fall Kills G. A. R. Veteran.

Lancaster, Pa., Jan. 20.—By a fall  
down the stairs at his boarding house  
Ferdinand Koerber was instantly killed.  
Koerber was ninety years old. He was  
in Lancaster on a furlough from the  
Soldiers' Home at Marion, Ind.

## URGENT U.S. CONTROL OF RADIUM SUPPLY

Dr. Kelly Advocates Govern-  
ment Production.

### HE CITES BRENNER'S CASE

Baltimore Doctor Tells House Com-  
mittee 75,000 Die Every Year From  
Cancer.

Washington, Jan. 20.—Seventy-five  
thousand deaths a year is the toll ex-  
acted in this country by cancer, ac-  
cording to Dr. Howard A. Kelly, of  
Johns Hopkins university, who made a  
plea for government control of radium  
production before the house mines and  
mining committee.

Dr. Kelly declared that science had  
no knowledge as to the actual cause  
nor any certain remedy for the dis-  
ease.

"The only remedy we have deter-  
mined in any number of cases," he  
declared, "is the application of radium.  
There are in this country only about  
two grams of this substance. Repre-  
sentative Robert Brenner, whom I  
have under treatment with the one  
gram of radium in my possession,  
should have at least six grams applied  
to the malignant form with which he  
is now afflicted."

Dr. Kelly described the condition  
of the New Jersey representative,  
whom he declared, he had hopes of  
saving. The world supply of radium,  
Dr. Kelly explained, is about thirty  
grams, distributed in many hospitals,  
and about one gram a month is being  
manufactured in Europe from ores ob-  
tained in Colorado from the Standard  
Chemical company, of Pittsburgh, Pa.  
He testified that J. M. Flannigan, of  
that company, had about one hundred  
claims on radium ore lands in western  
Colorado, while his assistant, Thomas  
F. V. Curran, had an almost equal  
number of claims. The Radium Insti-  
tute, with which Dr. Kelly is connect-  
ed, is building a laboratory in Den-  
ver.

Representative Taylor, of Colorado,  
defended the right of Flannigan and  
Curran to exploit radium commer-  
cially. He insisted that the govern-  
ment should find other lands and com-  
pete with them, thereby increasing the  
world's supply. Taylor asked Dr. Kelly  
whether he did not believe private  
concerns should go ahead and develop  
radium ores instead of having the gov-  
ernment lock up radium bearing lands  
by withdrawing them from entry.

"I do not understand that the gov-  
ernment wants to lock up these lands,"  
said Dr. Kelly. "I think the govern-  
ment should step in and develop them  
and distribute the radium supply for  
the good of humanity, just as fast as  
possible. The crying need of the times  
is more radium."

Representative Hamlin asked whether  
radium should be used in anything  
except medicine.

"It has wonderful possibilities in  
chemistry and physics," said Dr. Kelly,  
"but with the present supply its pos-  
sibilities are only for medicinal pur-  
poses."

Dr. Kelly was questioned regarding  
the \$250,000 plant he and Dr. Douglas  
are constructing at Denver for the  
extraction of radium.

Opposition to the Foster bill, on  
which the hearing was based, comes  
from the Colorado delegation in con-  
gress. The members have conferred  
with Secretary Lane in an effort to  
bring about a satisfactory compromise  
and from those interested in the min-  
ing of the radium-producing ores and  
their exportation.

Dr. C. F. Burnham, of Johns Hop-  
kins university, Baltimore, said he had  
visited nearly every institution in Eu-  
rope where radium is used and had  
been discouraged by results he had  
seen of efforts to employ it in the  
treatment of other diseases than can-  
cer. He urged prompt action to make  
radium available to hospitals of merit  
now without it.

Dr. Robert Abbe, senior surgeon of  
St. Luke's hospital, New York, told of  
cancer cures effected by the use of  
radium, stating he had cured one case  
of cancer of the head by merely hold-  
ing a tube of radium for seven hours  
over the affected spot.

### WOULD REORGANIZE INDIANS

Senator Penrose Introduces Bill For  
Commission.

Washington, Jan. 20.—Senator Pen-  
rose introduced a resolution for the  
appointment by the president of a  
commission of seven to report on con-  
ditions among the Indians, as suggest-  
ed by the recent report from the  
Rodman Wanamaker expedition.

The leader of the expedition was Dr.  
Joseph K. Dixon, who, with the board  
of Indian commissioners, would serve  
on the commission proposed in the  
resolution.

The commission would be empower-  
ed to report a bill on the entire reor-  
ganization of Indian affairs.

Steers Wagon Into Race.  
Wilmington, Del., Jan. 20.—Seeing  
that his express wagon was about to  
be run down by an automobile, Robert  
Carlisle, six years old, deliberately  
steered it into the Brandywine race.  
His cousin, Walter Golt, eleven years  
old, was pushing the wagon and tried  
to prevent, but could not do so. Golt  
jumped into the race and held the  
smaller boy's head above water until  
help arrived.

## TAYLOR ENDS TERM AS N. J. GOVERNOR

Was Youngest Chief Executive  
in History of State.

Trenton, N. J., Jan. 20.—Acting Gov-  
ernor Taylor finished his business as  
chief executive of New Jersey when  
his check for his portion of the month  
was handed him and he left the ex-  
ecutive mansion and state capitol.

Governor Taylor said that he was  
going back to the practice of law and  
that he would some time in the future  
return to politics. "You know I am  
young yet, with lots of time to gather  
political wisdom," remarked the thirty-  
one-year-old "Boy Governor of New  
Jersey," who has thrice carried Mon-  
mouth county for a seat in the house  
of assembly and been speaker of that  
body.

The comptroller reported two bills  
ready for introduction in the legisla-  
ture, one amending the tax act by  
segregating automobiles as a separate  
tax item and the other taxing the  
\$1 per horse power. They will raise  
\$1,500,000 revenue for the state.

As soon as Mr. Taylor left the gov-  
ernor's office the state began its once  
in-three-years custom of getting along  
without a governor—either elective or  
any other kind—for about twelve  
hours.

### DYING MAN ACCUSES GIRL

She Is Held Without Bail to Answer  
Manslaughter Charge.

Trenton, N. J., Jan. 20.—Declaring to  
the last minute that she indicted with  
a knife the wound on his thumb which  
resulted in his death here, Frederick  
Richardson's testimony has caused  
Evelyn Vandegrift, eighteen years of  
age, to be held without bail to answer  
the charge of manslaughter.

The man insisted that the wound  
was caused by the girl when he was  
struggling with her for the return of  
a valuable ring he had loaned her. The  
girl was taken to his bedside and he  
again reiterated the statement, al-  
though he was told that he had but a  
short time to live because of blood  
poisoning.

The girl says that Richardson re-  
ceived the wound accidentally and that  
she was in no way responsible for  
his death.

### Farmer Shoots Wife; Ends Own Life.

Erie, Pa., Jan. 20.—As Mrs. Jay  
Cole, of Conneaut township, Erie  
county, was leaving her home with her  
son to visit his home, her husband  
shot her with a rifle, wounding her  
probably fatally and then killed him-  
self with the same weapon. Carl Grif-  
fey, a son of Mrs. Cole by a former  
marriage, witnessed the shooting.

## PERSONAL NOTES AND BRIEF ITEMS

Paragraphs of News Telling of the  
Happenings in and about Town.  
People Visiting Here; and Those  
Sojourning Elsewhere.

Mrs. C. H. McCleary, her father, G.  
H. Medrick and Mrs. B. Kirk have re-  
turned to Kokomo, Ind., after attend-  
ing Mr. McCleary's funeral this  
morning.

Mr. and Mrs. A. R. Warren are  
spending some time in Pittsburgh.  
Hoy Robinson, of Littlestown, is  
visiting Dr. and Mrs. C. N. Gitt, on  
East Middle street.

Mrs. Guy Ourand, of Washington,  
is visiting at the home of Miss Annie  
O'Neal and Miss Katie O'Neal on  
Carlisle street.

Miss Laura Spangler attended the  
funeral of Mrs. Stouffer in East Ber-  
lin to-day.

Mrs. Andrew Hartman and Miss  
Bernetta Butt are visiting for some  
time with friends in Harrisburg.

Mrs. Katie Hayman has returned  
to her home in Orrtanna after spend-  
ing four weeks with relatives in  
Philadelphia.

Mr. and Mrs. Arthur P. McCleary  
have returned to Harrisburg after at-  
tending the funeral of Mr. McCleary's  
brother this morning.

The Raleigh "News and Observer"  
says: "Miss Anna M. Reck, of Gettys-  
burg, Pa., is in the city on a visit to  
Miss Ethel Lyon. Being a resident of  
a community made famous by the War  
between the States, Miss Reck is  
much interested in the veterans of  
both armies and recently she visited  
the Soldiers' Home here and had a  
most enjoyable experience in meeting  
the old soldiers."

### MINSTRELS COMING

John W. Vogel's Big City Minstrels  
Coming here.

John W. Vogel's Big City Minstrels  
travel in swell private cars, and when  
they appear here Friday, January 23  
they will appear in rolling palaces  
that cost a fortune, and afford com-  
fort and luxury. The minstrels of to-  
day do not fly-by-night to escape the  
livery-keeper; neither do they tour  
overland by horse-power, as did the  
"old-timers" for many a year, as has  
since been revived by references in  
many tales of fiction and allusion in  
the rural dramas of the "stage." And  
with all the fame of the cross-road  
pioneers, they were lucky to take in  
as much money in a week as Vogel  
gathers in a day. Indeed this is an age  
of huge affairs.—advertisement

### Superlatives in Advertising.

Japanese advertisers believe in a  
lavish use of superlatives. "The pa-  
per we sell," runs the announcement  
in a Tokyo stationer's window, "is as  
solid as the hide of an elephant."  
"Step inside!" is the invocation of a  
big multiple shop in the same city.  
"You will be welcomed as fondly as a  
ray of sunshine after a rainy day."  
Our assistants are as amiable as a  
father seeking a husband for a dowry-  
less daughter. Goods are dispatched  
to customers' houses with the rapidity  
of a shot from the cannon's mouth."

### Unequal Natural Division.

The Cordilleras, which form the  
backbone of both the northern and  
southern continents, are relatively  
near the Pacific Ocean in Guatemala,  
and thus divide the country into two  
unequal drainage areas, of which the  
Arctic is much the greater. The Pa-  
cific slope, though comparatively nar-  
row, is exceptionally well watered and  
fertile between the altitudes of 1,000  
and 5,000 feet, and is the most dense-  
ly settled part of the republic.

# INDIANS REVOLT AGAINST HUERTA

Serranos May Cut Off Capital From the Coast.

## NEVER BEEN CONQUERED

They Threaten Communications Between Mexico City and the Port of Vera Cruz.

Mexico City, Mex., Jan. 20. — The Serrano Indians, in the state of Puebla, who boast that they never have been conquered by any ruler of Mexico, are again on the warpath.

Their revolt is said to be under the direction of adherents of Carranza, many of whom have recently proceeded to the south of the federal capital.

The movement of the Serranos is distinct from that of the followers of Emiliano Zapata, in the neighboring state of Morelos. The Serranos in Puebla a few days ago captured a mule train of ammunition from Zapata's forces.

The Serrano Indians recognize only the chieftainship of Juan Lucas, upon whom Porfirio Diaz, when dictator, conferred the rank of general in the regular army. Diaz, after failing to subdue Lucas and his followers, bribed them to submit, giving each man a rifle and a supply of ammunition, as well as a small sum of money as the price of peace.

The late President Madero continued the government subsidy to Lucas, but the present administration under Huerta has failed to provide the Indians with funds.

The revolt is said to threaten communication between the federal capital and Vera Cruz.

### Villa Advancing on Torreon.

Chihuahua, Mex., Jan. 20. — Rumor is current that the advance guard of the rebel army near Torreon has again been engaged by the Federals, who appear to be advancing out of Torreon. The rebels deny this, however, and claim that the federals are still in Torreon. Villa is rushing all his men south as fast as they arrive from Ojinaga, but it is not believed that the actual rebel attack on Torreon will open for a week or ten days.

### Refugees Grateful to U. S. Men.

Marfa, Texas, Jan. 20. — "Viva United States!" was the cry of the first refugees to arrive here. All the disarmed Mexican troops, then joined in expressions of good will toward the American soldiers and of gratitude for being brought out of the Rio Grande Valley. The hungry and ragged soldiers of the Huerta army looked with wistful faces toward the camp of the American soldiers at Marfa. The steam from the army kitchen and the smell of baking bread from the ovens especially appealed to them.

### WANTS ONLY EIGHT BANKS

George M. Reynolds Includes Philadelphia in Cities He Considers. Chicago, Jan. 20. — George M. Reynolds, the Chicago banker, told Secretaries McAdoo and Houston, comprising the regional bank organization committee, that in his opinion the regional reserve banks provided by the new currency law should be located as follows: Boston, New York, Chicago, San Francisco, Minneapolis or St. Paul, St. Louis, Kansas City and Baltimore or Philadelphia.

It was assumed as necessary that Minneapolis or St. Paul would have one of the banks in addresses made by Reynolds and James B. Forgan, presidents of the two largest banks in Chicago.

Harry A. Wheeler, president of the National Chamber of Commerce, after explaining that Chicago did not wish to encroach on the territory of any other city, exhibited a map, showing most of Michigan, part of Ohio, part of Missouri and Nebraska, all of Iowa, nearly all of Wisconsin, and Illinois north of Springfield, as Chicago banking territory.

Both Forgan, Reynolds and Wheeler were insistent that the number of regional banks should be held down to eight, the legal minimum.

### Kills Child, Then Ends Life.

New York, Jan. 20. — After telling her fortune with playing cards, Mrs. Caroline Olaschak killed her ten-year-old daughter Helen and then committed suicide by turning on the gas in their flat. Before the tragedy Mrs. Olaschak put a pet dog out of the flat.

### Six Injured in Wreck.

Cumberland, Md., Jan. 20. — Two passenger trains were involved, probably fatally, and four others, not seriously, when two freight engines on the West and Maryland railroad met a freight train on collision at Myerdale. Company officials say the accident was caused by a disregard of orders.

Evangeline Disgraced Better. Buffalo, N. Y., Jan. 20. — Miss Evangeline Booth, commander of the Salvation Army in the United States, who suffered an attack of tonsillitis on Saturday, was much improved. She will leave Buffalo for Jamestown, N. Y.

## 78 YEARS FOR STEALING \$9.60

Two Young Negroes Get Thirty-nine Years Apiece in Brooklyn.

New York, Jan. 20. — What approach a record sentence for robbery was meted out by Judge Fawcett in the Brooklyn county court to two negroes, each of whom received thirty-nine years each in Sing Sing.

The two men were William Johnson, twenty-one years old, and Henry Bryant, nineteen years old.

On Oct. 6 last they entered the shoe store of Nathan Gross, at 2045 Bedford avenue, set upon Gross, beat him insensibly, bound him and threw him into a closet.

Then they ransacked the place, finding only \$9.60 in the till, with which they escaped. Gross was found severely hurt and the negroes were later captured by the police and indicted.

They pleaded not guilty, but were found guilty of robbery in the first degree. Both men were second offenders and have police records.

## DELILAH BRADLEY HIDDEN

Girl Who Eloped Is Somewhere in Philadelphia With Parents.

Philadelphia, Jan. 20. — Her whereabouts being kept a closely guarded secret, Delilah Bradley, who eloped to Mobile, Ala., with Joel M. Foster, the well-to-do poultryman of New Jersey, is reunited to her parents somewhere in Philadelphia.

It is now practically certain that Miss Bradley will go to a Philadelphia sanitarium to recover from her nervous collapse.

## CONVICTS DASH FOR FREEDOM; 7 KILLED

Pistol Battle Follows Break For Liberty.

McAlester, Okla., Jan. 20. — Judge John R. Thomas, Pat Oats, assistant deputy warden; F. C. Godfrey, day sergeant, and H. H. Drover, Bertillon expert, were killed at the state penitentiary by Tom Lane, Chinley Read and Charles Kuntz, convicts, who secured money and then fled from the prison.

The escaping convicts were killed, however, before they succeeded in getting out of the prison farm.

The toll of human life was seven, four killed in the office by the convicts and the three convicts in trying to escape.

Martin, the turnkey, was shot in the face while making the fight by the side of Oats, but was not seriously hurt, and another convict by attempting to assist Oats, was cut in the face.

## WILSON SEES PROSPERITY

President Receives Assurances From All Parts of Country.

Washington, Jan. 20. — President Wilson has been receiving opinions and estimates on the business situation throughout the country, which lead him to believe that a general confidence in the future exists.

The president told callers at the White House that while he had no scientific analysis of the situation and that his letters were of various colors, in the main, conditions were optimistic.

The president is said to believe that in some industries, especially those dependent on the railroads, conditions have not been so satisfactory.

The president let it be known that while he held distinct views on the freight rate question, he did not feel that he could express them while the subject was being determined by a semi-judicial body.

With reference to the tariff the president's letters lead him to believe that business actually has been stimulated by it.

### Girl Saves Drowning Lad.

West Chester, Pa., Jan. 20. — The life of John Grant, Jr., six years old, was saved by Miss Mary Ingram, who discovered the child floundering in the waters of a deep pool near her home. The child had broken through the ice and was drowning when the girl rushed to the bank and dived into the hole where the ice had broken. She finally succeeded in getting the child to safety.

## A ONE-PIECE DRAPED EVENING WRAP

Materials which fall in supple folds are best suited to evening gowns—in fact, the lines of these garments are so studiously simple this season that the draping qualities and richness of the material "makes" the wrap. Moired and embossed velvets are perfectly suited to these garments, and the softer silks are also favored.

The model shown here is fashioned of an embossed velvet in black with cuffs and revers of plain black velvet.

It is a one-piece design and may be copied in size 36 with 2½ yards of 42

inch material. Collar and cuffs of fur would enhance its becomingness. A quality draped tunic renders this dancing frock of chiffon and lace "different." The frills of plaited net are youthful and becoming. Floured charmeuse forms the bodice and skirt, and a graceful sash with a tasseled end completes the effect.

This dress may be copied in size 36 with 4½ yards of 36 inch material. No. 5073—sizes 32, 36, 40 and 44. No. 8069—sizes 32 to 44. Each pattern 15 cents.

To obtain either pattern illustrated fill out this coupon and enclose 15 cents in stamps or coin. Be sure to state number of pattern and size, measuring over the fullest part of the bust. Address Pattern Department, care of this paper.

What's the hardest household task?  
Dish-washing!  
What's the easiest way to wash dishes?

Use **BABBITT'S**  
"1776" Soap Powder

The Big New 5c Package  
The clinging grease that won't come off is what makes washing dishes such unpleasant work. Many soaps, instead of washing the grease off, combine with it, making the task so much harder.

Babbitt's "1776" Soap Powder cuts the grease away. It cleans polished wood, cut glass, china and bric-a-brac. Will not harm the hands.

Ask your grocer for Babbitt's, and save the trade-marks.

They are good for valuable premiums—articles for the home or personal use.

### RHEUMA WILL STOP URIC ACID DEPOSIT

Rheumatic Complications Checked and the "Human Sewers" Restored.

The Kidneys, Bowels and Skin are the "human sewers" which carry off the impurities in the blood. When these are clogged Uric Acid, sediment, lodges in the muscles and joints and Rheumatism follows. RHEUMA, the great enemy for all forms of the terrible disease, checks the deposit of Uric Acid.

"I suffered from Rheumatism for six years. Tried different doctors, with no relief. I have taken three bottles of RHEUMA and am entirely free from the disease."—P. W. Miller, Catawissa, Pa.

### THE RED FLAG.

### OF FAILURE

When you do not advertise your business you are inviting the Sheriff to come and do it for you.

His red flag and bell form the final advertisement.

It is poor policy to save your advertising for your business obituary.

Just run your eye over the advertisements in to-day's Times.

You will notice that the names attached to them are the names of men who enjoy sound financial ratings. Certainly they are names of those on whom the bankers look as good moral risks.

They are mighty good company to be with and a man is often judged by the company he keeps.

It is better to march behind the band of progress than to halt under the red flag of failure.
